PTE AV Studio 11

Online Help

Download **PTE AV Studio 11**: www.wnsoft.com/en/pte-av-studio/

PTE AV Studio 11 allows the creation of impressive photo and video slideshows for PC, TV, and mobile devices. Add images and video clips together with all effects: Pan/Zoom/Rotate, 3D transformations, masks. Instant preview of a slideshow in real time. Highest quality of picture and smooth playback of animations. A slideshow can be accompanied by sound or text comments with each slide or by any music file.

Slideshows and professional AV works made in **PTE AV Studio 11** (previously PicturesToExe) have repeatedly won first place at international festivals in the United Kingdom, France and Belgium.

PTE AV Studio 11 is available in two editions:

PTE AV Studio 11 Pro (previously Deluxe)

and

PTE AV Studio 11 (previously Essentials)
